

DETAILED MEASUREMENTS

ALUMINIUM RAILING WITH ALUMINIUM FOOT AND CROSSBAR V2

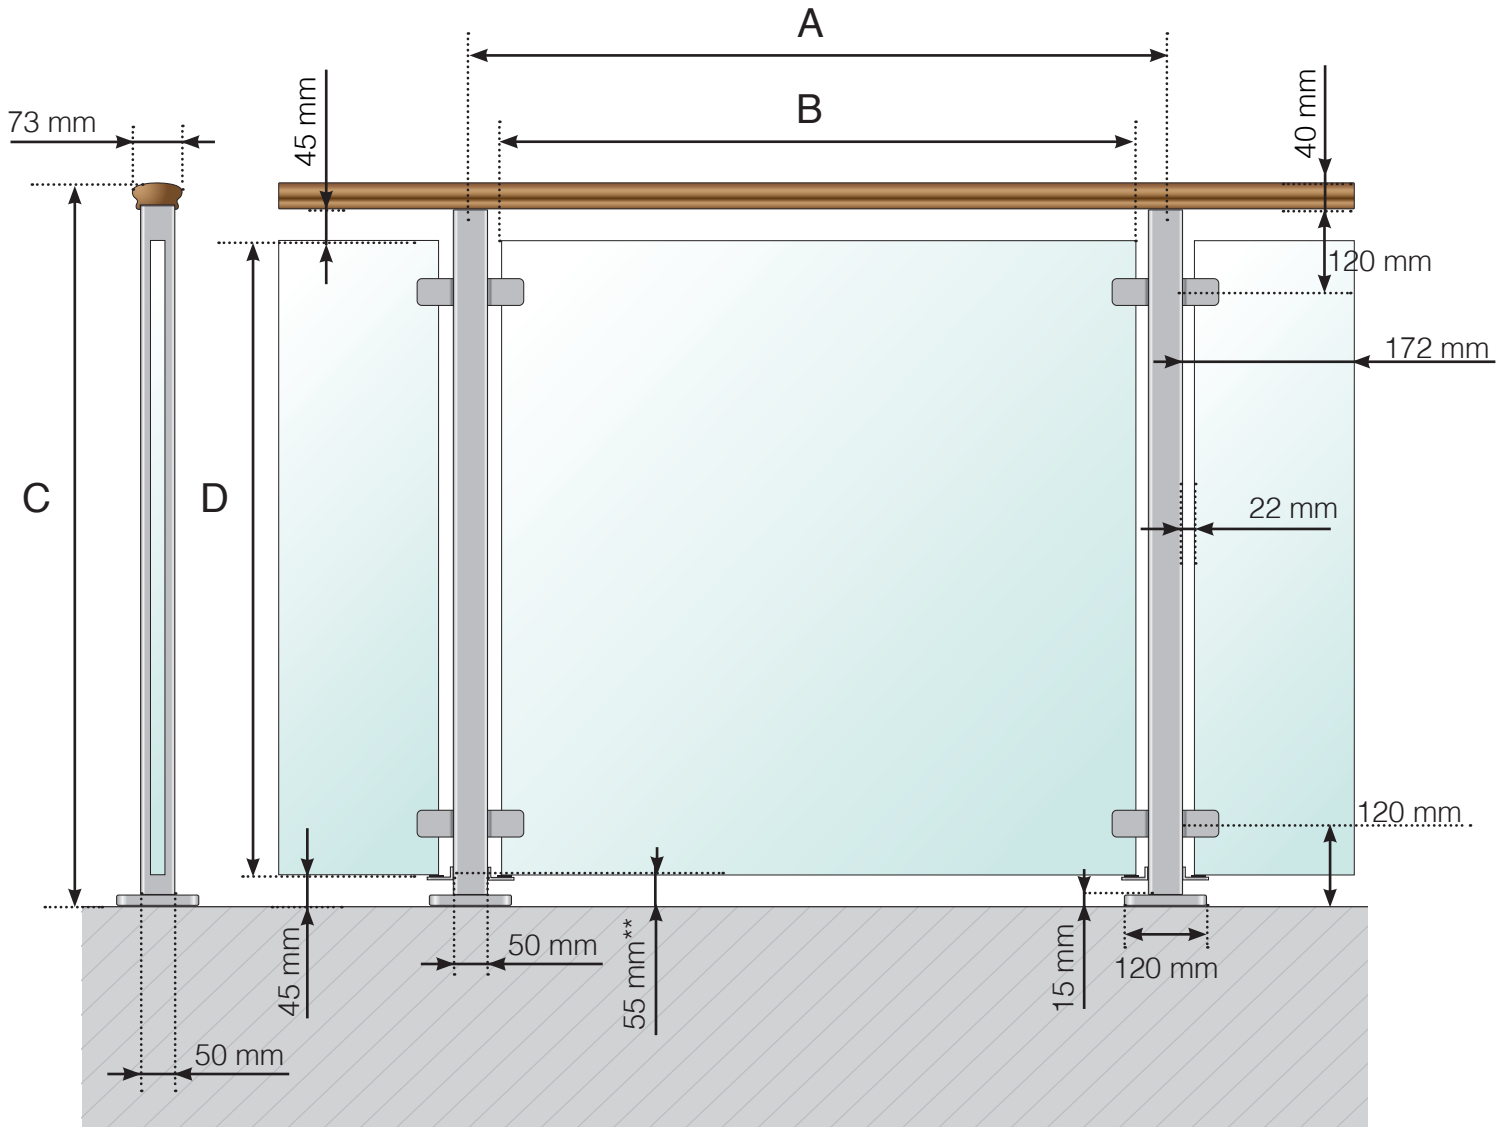

- A - The c/c dimensions of the posts depend on the length of the sides and the number of sections
- B - The width of the glass depends on the length of the sides and the number of sections
- C - Total height of the railing
- D - Glass height

DETAILED MEASUREMENTS

ALUMINIUM RAILING WITH ALUMINIUM FOOT AND WOODEN CROSSBAR V2

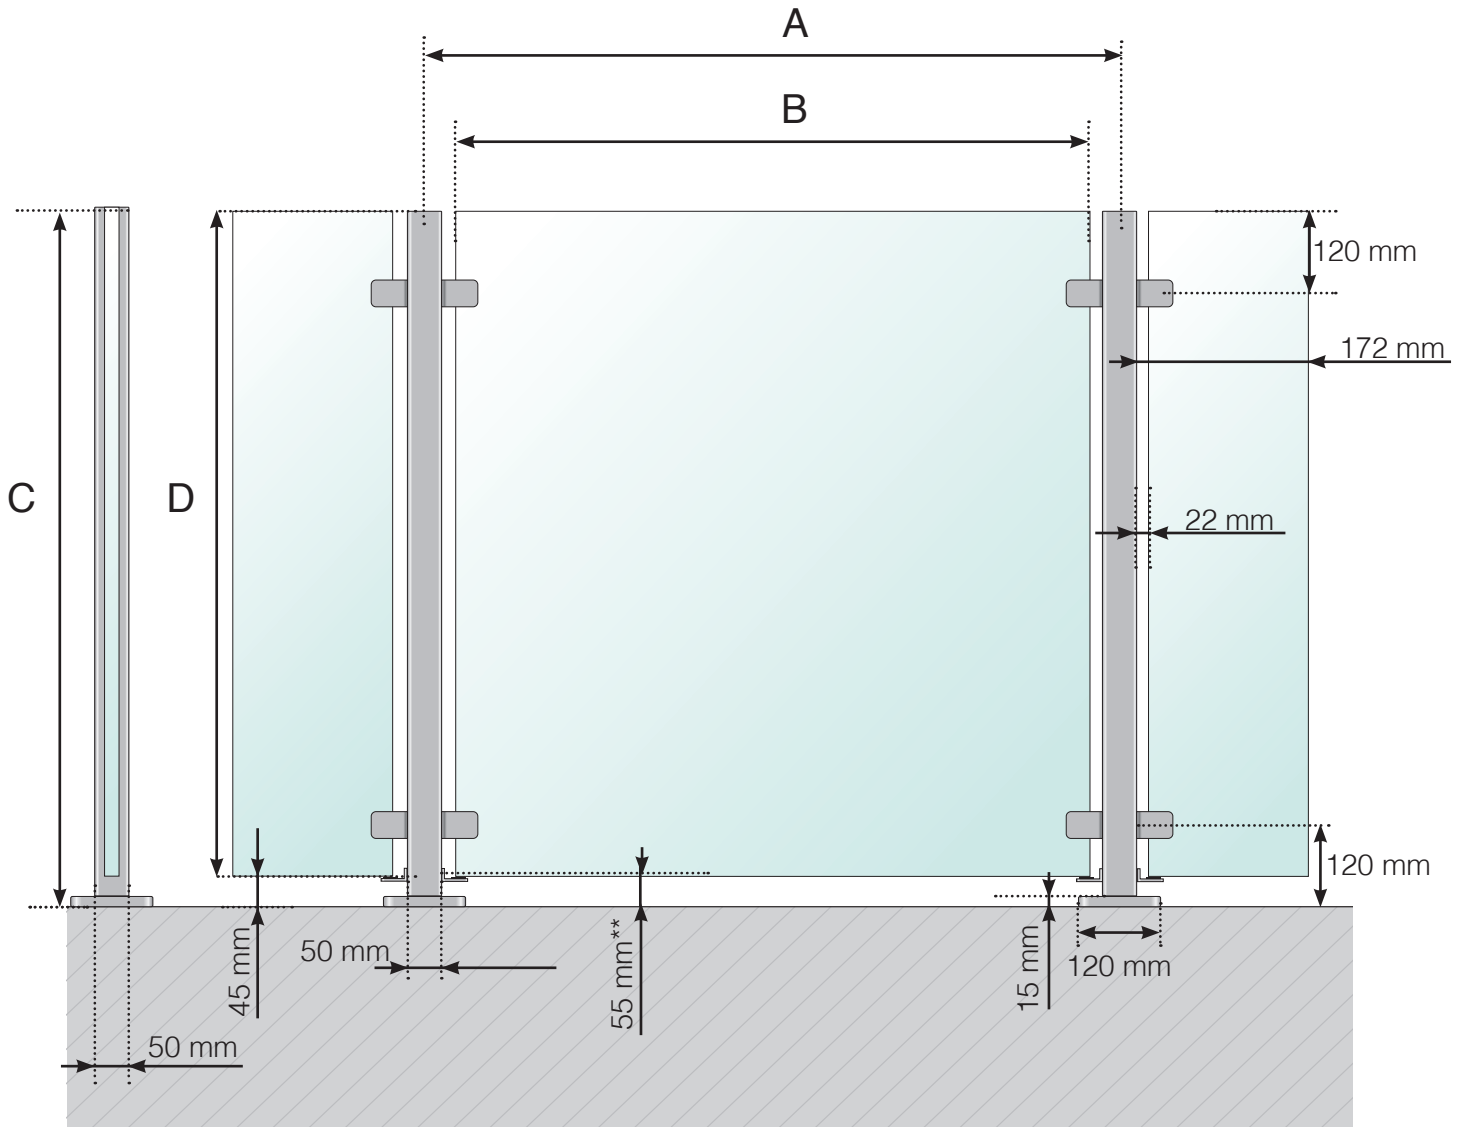

- A - The c/c dimensions of the posts depend on the length of the sides and the number of sections
- B - The width of the glass depends on the length of the sides and the number of sections
- C - Total height of the railing
- D - Glass height

DETAILED MEASUREMENTS

ALUMINIUM RAILING WITH FOOT V2

- A - The c/c dimensions of the posts depend on the length of the sides and the number of sections
- B - The width of the glass depends on the length of the sides and the number of sections
- C - Total height of the railing
- D - Glass height
